Video Games!!!

The Clearview Library District has stepped into the next generation of console gaming! That's right, now there are brand new titles in XboxOne, PS4 and WiiU formats! In addition to the new game formats, games are still coming in for the existing formats (Xbox360, PS3, Wii, DS and 3DS).

Remember, even if the game you want is not on the shelf, you can easily put it on hold. Search the catalog for the game you want, click "Put on Hold", log in with your Library card and PIN. When the game is ready, you will be notified.

Summer is coming and that means a lot of games will be getting checked out, make

sure to get the game you want by putting it on hold. The Library also hosts regularly scheduled video game nights for all ages, and occasional video game tournaments for teens. Ask at the Library for more info or check out the events tab of our website www.clearviewlibrary.org/events.

Growing Readers

There is a strong connection between reading and writing! Let your child practice writing and drawing in different ways: coloring, painting, tracing, and finger painting.

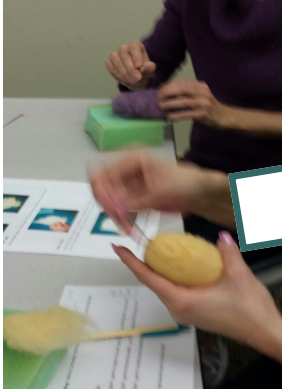

Writing takes strength for small children. Crayons build muscle. Crayons are waxy and have resistance on the paper; it takes a little muscle to use them!
