

Getting Crafty

ARCTIC SLIME

- Start by mixing the 1/2 cup of clear glue with 1/4 teaspoon of baking soda.
- Mix in a tablespoon or so of glitter.
- Then very slowly pour in the 1 tablespoon of saline solution, while stirring.
- Squirt in some more saline solution and start mixing with your hands.
- Keep adding saline solution little by little until the slime is not sticky. Now you're ready to play!
