STAINED GLASS SNOWMAN

- Clear Contact Paper
- White Cardstock Paper
- White Tissue Paper
- Dark Blue Tissue Paper
- Light Blue Tissue Paper
- Orange Cardstock
- Black Cardstock

- 1) Draw a snowman on white cardstock.
- 2) Cut your snowman along the perimeter, as well as the center, leaving a small white line around the edges of the circles.
- 3) Cut two pieces of contact paper the same length, making sure it's long enough to cover the snowman.
- 4) Take the protective paper off one and lay it on a flat surface.
- 5) Lay your snowman cutout on the contact paper.
- 6) Cut a "carrot" and some "buttons" out of orange and black cardstock, place them on the contact paper.
- 7) Grab your tissue paper and cut it into small squares before placing it on the contact paper to make a beautiful design.
- 8) Grab the other piece of contact paper and remove it's protective sheet.
- 9) Lay it on top of the other piece and press firmly, making sure every corner is stuck together.
- 10) Trim out the snowman when finished and display your snowman in a window.
